Markdown

Fictional data. Each section demonstrates a supported variation.

A field note

Use **bold**, *italic*, ~~struck text~~ and `inline code` alongside a source link.

Observation checklist

- [x] Retain the inputs
- [ ] Review the result

1. Collect observations
2. Compare matched windows

   Keep uncertainty close to the finding.

Station	Accepted
Cedar	12
Birch	18

TYPESCRIPT

```ts
const accepted = [12, 18].reduce((a, b) => a + b, 0);
```
